NOTIFICATION

KEY PRINCIPLES FOR UXO RISK EDUCATION IN LAO PDR

To: Relevant Ministries, Provincial Departments and District Offices

UXO Lao, Mines Advisory Group (MAG), Handicap International Belgium, World Education/Consortium, FSD, PCL Ltd, Demining Education for Children

Subject: Key Principles for UXO Risk Education in Lao PDR

- Referring to the National UXO Risk Education Strategic Plan, reducing the danger and risk from Unexploded Ordnance (UXO) is an important priority for the government of Lao PDR.
- Referring to the agreement of the UXO/MRE Technical Working Group Members on 6th August 2008
- Referring to the approval of the NRA Director of the Key Principles

The National Regulatory Authority for the UXO Sector in Lao PDR (NRA) has produced Key Principles for UXO Risk Education in Lao PDR. The aim of the principles is to ensure consistency and quality in the way UXO Risk Education is approached in Lao PDR by highlighting key principles that should be followed by all UXO Organizations and Institutions implementing UXO Risk Education activities.

As relevant organizations, ministries, departments and authorities working in or governing UXO affected areas it is important that your staff be familiar with the principles. Please ensure that the principles are distributed to the relevant staff in your organization/institution and are used to guide all risk education activities that occur throughout Lao PDR.

Yours faithfully

Dr. Maligna Saignavongs
Director NRA
